By receiving, purchasing, downloading, installing, using or otherwise handling this font, you accept the terms of this agreement. This agreement replaces and supersedes any previously made oral or written proposal or agreement between you and Jacob Wise. If you do not accept the terms, you can not download or request or use the fonts.

Do not share, distribute, illegally copy, steal from a licensed user or re-sell the fonts. Fonts are allowed to be passed onto a pre-press service or printer for output only. Contractors are not allowed to actively create new documents with fonts that have been passed on for output only.

If any modification are to be made by a non-licensee then a new licence must be purchased for that user. Purchased fonts will always remain copyrighted to the designer. Embedding the font into any other software, PDF's or electronic documents is prohibited other than directly to the printers.

The purchase of 1—3 CPU's is for a single user. The purchase of a font makes the buyer a licensed user of the font, not an owner. The font may be loaded onto a maximum of three personal computers belonging to the same person at a single location. If two users are required, then '4—6 CPU's' must be selected when purchasing. This means two users are able to load the font onto 4—6 personal computers. For additional users, you must decide the quantity CPU's you need the font loaded onto and select the corresponding CPU range when making a purchase.

The Web license is based upon the monthly page views it is intended to receive. The standard web license is from 1—10,000 page views per month. For higher web traffic please email me directly.

If any modification is to be made by a non-licensee then a new licence must be purchased for that user.

Please do not make modifications to the font. You must contact me directly to discuss any typographic modifications as a custom project.

All font software installed is done so at the owners risk - I cannot be held responsible for this.

Any breach of the terms of this agreement shall be cause for termination of the license. Legal action will be pursued if you are found to be using Monarch illegally. I reserve the right to update the licence agreement, at any time without prior consent or notice. I may, at any time, request an audit in order to confirm that you are complying with the terms of this EULA.

If you are unsure of any terms of this License, or if you have any questions relating to your rights to use the Font Software, please contact me directly at j.wise@me.com and I will get back to you as soon as possible.
